WHO WE ARE

AT INNO-PAK, WE THINK DIFFERENTLY.

Where many great companies began in a garage or workshop, our CEO created Inno-Pak at a folding table in his basement. Similarly, while other companies think outside the box, we reinvented the box to perform better, be more sustainable, and customer friendly.

Our way of thinking differently about the needs and challenges of the industries we serve is the source of our innovative spirit. It's how we're able to provide you with the best customer service and the most innovative products whether that's tamper-evident packaging, sustainable solutions for your business, or cost-neutral innovations that enhance customers' experience with your food.

Inside this catalog, you will find products that will help you meet your business's needs. If you don't find a solution that works for you, call us.

WE LOVE A CHALLENGE.

WHAT WE DO

WE PRODUCE INNOVATIVE PACKAGING

Inno-Pak was founded on innovation since the day our founder realized that grocery stores needed matched packaging to tie their products together.

To this day, you can see the innovation in our genes, from the INNOBOX EDGE with tear-away flaps to our robust line of commercially compostable products that turn waste into useful organics.

Our innovation team is constantly evaluating new materials, testing new designs, and exploring new features in an effort to bring you the best packaging.

Our innovative drive includes more than our products, too. We have a new, 200,000 sq. ft. headquarters and manufacturing facility in Delaware, Ohio. Nearby, we have a 425,000 sq. ft. distribution center with state-of-the-art logistics capabilities. Another distribution center in Reno, NV services the West Coast, and we have offices in Ohio, Texas, and Oregon.

At Inno-Pak, we do more than sell packaging. We work with you to find the right packaging solution for your business.

We offer a strategic partnership that helps you put your best food forward.

WHY WE DO IT

OUR PASSION FOR INNOVATION COMES FROM OUR COMMITMENT TO YOU.

We take our packaging as seriously as you take your food because we know that your business's success depends on having packaging that can grab attention, elevate the eating experience, help you minimize your impact on the environment, keep food at the right temperature, and be easy to use.

We also do it for the challenge. When others say it can't be done, we get to work. No challenge is too big or too small for us. We can design and manufacture a custom solution addressing your graphic and structural needs, and we can do it without sacrificing cost-effectiveness. We can design a winning package for you, take your concept and give it life, or work with your team to bring your ready-made designs to market.

CHALLENGE US.

FIBER & FOAM CLAMSHELL ALTERNATIVES

6" MOLDED FIBER & FOAM HINGED CONTAINER ALTERNATIVES

ITEM NUMBER	ITEM	SIZE	MATERIAL & DESCRIPTION	CASE PACK
