CUTLERY KITS

Deliver a clean, convenient dining experience with our durable polypropylene cutlery kits, ideal for restaurants, cafes, and food trucks focused on quality and customer satisfaction. Each kit includes everything your guests need to enjoy their meal on the go.

Why Choose Saneck Cutlery Kits?

- **Sturdy & Reliable:** Made from high-quality polypropylene that resists bending and breaking, even with tougher foods.
- **Hygienic Packaging:** Individually wrapped for cleanliness and peace of mind—essential for takeout and delivery.
- **Sleek Design:** Available in black or white.

Great for busy restaurants aiming to streamline takeout operations without compromising on customer experience. Stock up and show your diners you care about the details—even down to the cutlery.
